## ■ Business Development

## ■ Characteristics

By focusing on the following 4 points, we create value and offer it to our clients.

### 1, Planning/Proposal Ability

We work with our clients with the professional and multilateral viewpoints.

### 2, Development Ability

We have our own development division and are ready to start from specification meeting.

### 3, Procurement Ability

We globally procure products through our International Procurement Office (IPO) in Taiwan, HongKong/China and Korea.

### 4, One Stop Service

We offer logistics, kitting and maintenance services.

## ■ Global Network

We deliver various electronic products to our clients through our IPO in Taiwan, HongKong/China and Korea.

We have established domestic production system so that we can deliver products to client's final specifications and requirements.
